SUPPLEMENTAL NOTICE OF PUBLIC WORKSHOP

This notice supplements the September 17, 2004

Revised Notice of Public Workshop

**On Consideration of Potential Amendments or Revisions of the
Water Quality Control Plan for the
San Francisco Bay/
Sacramento-San Joaquin Delta Estuary**

This supplemental notice provides an updated list of workshop dates and other information. The parties should continue to rely upon the information contained in the September 17, 2004 revised notice to the extent that it has not been modified in this supplemental notice. The State Water Resources Control Board (SWRCB) commenced this workshop on October 27, 2004 and will continue the workshop on the following dates as necessary until all topics listed in the September 17, 2004 notice have been discussed:

January 10, 11, 12, 18, 19,
24, 25 and 26;
March 14, 15, 16,
21, 22, 23 and 24, 2005
(additional days may be added as necessary)

at Joe Serna, Jr. (Cal EPA) Building
1001 I Street
Sacramento, California

The workshop session on January 10, 2005 will commence at 10:00 a.m. in the
Central Valley Hearing Room.

Unless a later time is announced, all other workshop sessions will convene at 9:00 a.m.

Any changes in the meeting rooms or in start times will be
announced and posted on the website at

<http://www.waterrights.ca.gov/baydelta/Triennial%20Plan.htm>

See the following table for scheduled dates and room locations.

California Environmental Protection Agency

SUBJECT OF WORKSHOP

The purpose of this multiple-date workshop is to receive information and conduct detailed discussions regarding specific plan amendments or revisions of the Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary adopted in 1995 (1995 Plan). The workshop dates below are for continuation of the workshop that began on October 27, 2004. The workshop will resume on January 10, 2005 with Issue 4: Chloride objectives, compliance location at Contra Costa Canal at Pumping Plant #1, and potential new objectives. Other topics will be discussed in the order listed in the September 30, 2004 staff report titled "Periodic Review of the 1995 Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary." This report and other information pertinent to these proceedings can be found on the website listed above.

WORKSHOP SCHEDULE AND TOPICS

Dates and Hearing Room Locations of Public Workshop

January 10, 2005	Central Valley
January 11, 2005	Central Valley
January 12, 2005	Central Valley
January 18, 2005	Sierra
January 19, 2005	Sierra
January 24, 2005	Sierra
January 25, 2005	Central Valley
January 26, 2005	Sierra
March 14, 2005	Sierra
March 15, 2005	Sierra
March 16, 2005	Sierra
March 21, 2005	Sierra
March 22, 2005	Central Valley
March 23, 2005	Sierra
March 24, 2005	Sierra

PROCEDURAL MATTERS

The workshop will resume at 10:00 a.m. on January 10, 2005 and will continue through the remainder of the workshop schedule from one topic to the next until discussion of all topics is completed. The January 10, 2005 workshop session will begin with the discussion of chloride objectives. At the close of each workshop day, staff will post on the Division website an update as to what topics were covered on that day, which topic will be addressed at the beginning of the following workshop day, and any changes to the schedule. The start times of the workshop will

be announced at the end of each day, but none will start before 9:00 a.m. At the beginning of each topic, the Board member leading the workshop will determine the order of the presentations. Participants are encouraged to summarize their written materials. To ensure that the workshop moves efficiently and that everyone has an opportunity to participate, the SWRCB reserves the right to subject oral presentations to time limits. Participants with similar comments are requested to make joint presentations. Due to the continuous nature of the workshop, all participants should be prepared early in the workshop to address all of the topics in which they have an interest.

The workshop will be informal. There will be no sworn testimony or cross-examination of participants, but the SWRCB and its staff may ask clarifying questions.

The purpose of the workshop is to gather relevant information. This workshop is part of a quasi-legislative proceeding, and the participants are encouraged to provide adequate documentation to support their proposals or their opposition to the proposals of others. All information acquired and relied upon in preparing a Plan amendment or revision will be included in the administrative record and posted on the Division of Water Rights' website. If adequate information is not provided during the workshop sessions or in the submitted written materials, the SWRCB staff may seek additional information through direct contacts with participants and other persons or entities, through literature searches, or by other means. All contacts will be recorded and included in the administrative record of any Plan amendment or revision resulting from this proceeding.

After the workshop, the SWRCB staff will prepare plan amendments or a revised plan, including appropriate environmental documentation in accordance with Public Resources Code section 21080.5. (See Cal. Code Regs., tit. 14, § 15251(g), and tit. 23, § 3775, et seq.) After staff has prepared the draft plan amendments or a draft revised plan and environmental documentation, the SWRCB will provide notice of a public hearing to consider whether to adopt the proposed amendments or revised plan, pursuant to Water Code section 13244. After the hearing, the SWRCB will prepare responses to comments on significant environmental points and will then schedule a Board meeting to vote on a resolution adopting the plan amendments or revised plan.

No later than the first day of workshop for each issue, participants should submit documents that include: (1) detailed written technical information, (2) recommended language for plan amendments or revisions, and (3) legal justification for the plan amendments or revisions they are seeking. Please submit information in advance if possible, and note that the SWRCB requests that participants provide an original plus 16 copies of all written materials. At the workshop, the participants will be given an opportunity to supplement their written materials with oral presentations. Final comments on a topic will be due 30 days after discussion of a topic. SWRCB will accept comments responsive to other parties' comments on all topics within 45 days after completion of the last topic.

The SWRCB requests that an original plus 16 copies of written comments be sent to:

Debbie Irvin
Clerk to the Board
State Water Resources Control Board
P.O. Box 100
Sacramento, CA 95812

Written comments may also be sent by electronic mail to dirvin@waterboards.ca.gov, faxed to Ms. Irvin at (916) 341-5620, or delivered by hand to the following address:

State Water Resources Control Board
Cal/EPA Headquarters
1001 "I" Street
Sacramento, CA 95814

Couriers delivering comments must check in with lobby security and have them contact the SWRCB's first floor mailing room. Any comments sent by electronic mail or fax must be followed by a mailed hard copy with an original signature and a sufficient number of copies as requested.

All documents submitted timely will be posted on the Division of Water Rights website at <http://www.waterrights.ca.gov/baydelta/Triennial%20Plan.htm>. Each participant is requested to bring additional copies of any written submittals to the workshop for the use of the other participants on the day the participant expects to make a presentation.

PARKING AND ACCESSIBILITY

The enclosed maps show the location of the Joe Serna, Jr. (Cal EPA) Building and public parking sites in the immediate vicinity. The Sierra and Coastal Hearing Rooms in the Joe Serna, Jr. (Cal EPA) Building are accessible to persons with disabilities.

Due to enhanced security precautions at the Joe Serna, Jr. (Cal EPA) Building, all visitors are required to sign in prior to attending any meeting. Visitors must sign in and obtain badges in the Visitor and Environmental Services Center, which is just inside and to the left of the building's public entrance. Visitors may be asked to show valid picture identification. Valid identification can take the form of a current driver's license, military identification card, or state and federal identification cards. Depending on the size and number of meetings scheduled on any given day,

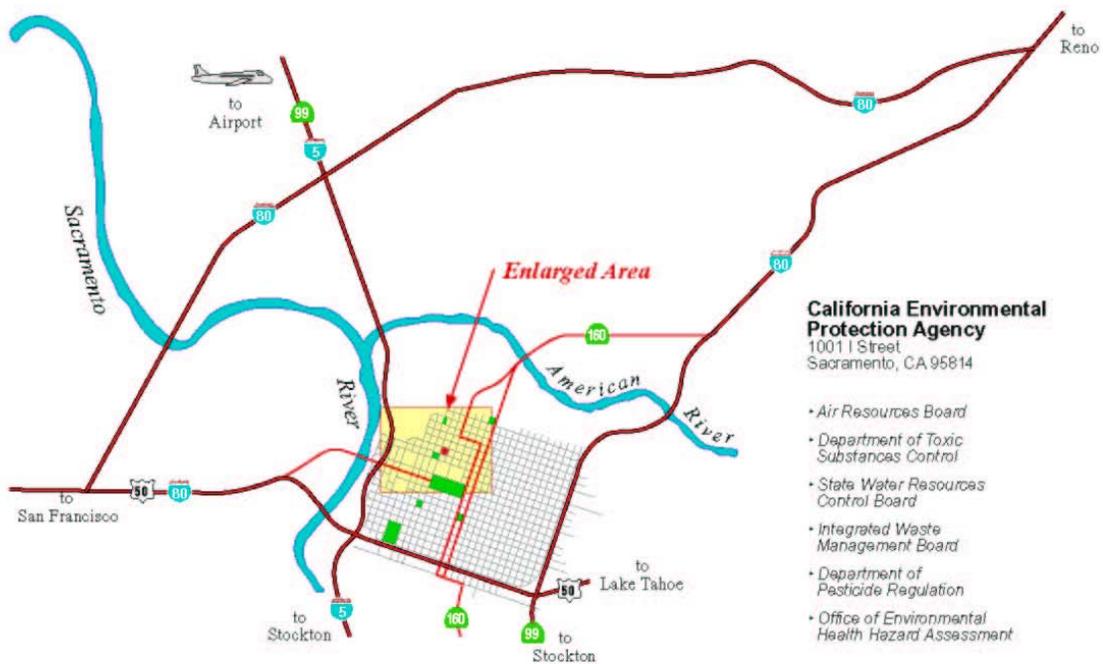

the security check-in could take from three to fifteen minutes. Please allow adequate time to sign in before being directed to your meeting.
